

THE COURSES

© Chase Hughes

Ellipsis Behavior Labs has three tiers of courses specifically designed for the US Military. Guaranteed groundbreaking training with information designed for Tier One units, sentries and tactical teams aboard US ships.

VIOLENT BEHAVIOR RECOGNITION

A 5-hour course covering basic violent behavior recognition, nonverbal behavior training and advanced-level training on tactical behavior profiling. In-depth coverage of the TFCA cycle and violence prevention through behavior.

- Designed for: All service members
- On-Location training
- Max class size: 58
- Price: 2,100
- Class time: 3-5 hours

LIFESAVER BEHAVIOR COURSE

Presents groundbreaking science and tactics for recognizing violent behavior, reading proven nonverbal signals, and field interrogation skills to enhance safety, and human compliance. The ability to read and influence human behavior at this level will give personnel the ability to assess situations with greater clarity, and obtain compliance. The class provides key insights that aren't available in any other behavior program.

Take-home training materials provided for all students to build skills while on and off duty.

- Designed for: All armed sentries
- On-Location training
- Max class size: 45
- Price: 2,400
- Class time: 5-7 hours

- Violent behavior recognition
- Advanced nonverbal and behavioral training
- Deception detection
- Field interview tactics
- Violence prevention through behavior

HUMAN TRADECRAFT

Human Tradecraft is a government-specific course for tactical psychological and behavioral applications.

This course provides groundbreaking psychological tactics to gain compliance, build relationships, read behavior and control behavior through advanced psychology tactics.

An 8-hour course guaranteed to present more critical behavior information than any course on earth. Designed for intelligence agencies, this course is now used by VBSS teams, interrogation units and foreign service personnel. Human Tradecraft is the world's top tactical behavior course.

- Designed for: Tactical and intelligence
- On-Location training (confidential room)
- Max class size: 30
